Dear Safety & Health minded individual:

We would like to take this opportunity to request and encourage your donation in support of the **2011 Mid-Oregon Construction Safety Summit** slated for January 25, 2011, in Bend.

The 2011 Safety Summit – “Safety: Take it to the Next Level” is targeting some of the most hazardous tasks found on construction sites. Sessions are tailored for employees and managers in the following construction trades:

Mechanical • Electrical • Plumbing • Framing • Siding
Painting • Paving • Road Work • Steel Erection • Excavation

Our goal is to offer affordable training that provides the Central Oregon construction industry the tools to work in a safer, more efficient manner. With your help we can do this.

It is our belief that it takes ALL trades working together to make a project and jobsite 100% safe. Working together we can make a difference. We understand that economic times are currently in distress, however, if you are a general contractor or involved in one of the above trades, we ask that you join us in our belief of safety by donating to the event.

There are a number of different ways this can be accomplished. You can sponsor a lunch, a break, a speaker, or a lump sum to help cover the costs of the Summit expenses.

How will your generous sponsorship be recognized? All sponsors will have their company logo on a scrolling marquee at the event in the exhibit hall and company name listed in the registration materials. Sponsors donating \$1,500 or more will be honored in media releases/ads about the event (Cascade Business News December issue) and on the COSHA website and receive two complimentary attendee registrations or an exhibit space.

Sponsorships opportunities:

Primary sponsor	\$1,500 or more
Support sponsor	\$ 250 or more
Contributor to Safety	\$_____ (you set amount)
Meal sponsor:	
Lunch co-sponsor*	\$1,000
Breakfast sponsor*	\$ 750

*** Breakfast and lunch sponsorships issued on first-come, first-served basis**

Once again, please take time to consider our request for sponsorship of the **10th Annual Mid-Oregon Construction Safety Summit**. After all, your sponsorship will be a “safe” investment to the working trades of Central Oregon.

Sincerely,

***Mid-Oregon Construction Safety Summit and the
Central Oregon Safety and Health Association (COSHA)***
