

Installing Wrappers And Binders

Logs being moved or loaded must not pass over any personnel, occupied vehicles, machines, or truck cab. 437-007-1005(6)

Required wrappers and binders must be in place and hooked prior to tightening any of the binders. 437-007-1010(5)

Loose ends of wrappers must be secured to prevent the wrapper end from swinging and creating a hazard. 437-007-1010(16)
